

**Thursday 16,
17:00 - 19:00
'Slow City' Maastricht
Hedra 4
Via Privata Oslavia 17
20134 Milano**

For the Fuori Salone The Artist and the Others, in cooperation with the [Academy of fine arts and design of Maastricht](#), [Design Metropole Aachen](#) and different partners in Italy will organize a Common Knowledge spin off in Italy for the Fuori Salone.

Common Knowledge, is our monthly project focused on cultural entrepreneurship that started in September 2013. The goal of Common Knowledge is to promote cultural entrepreneurship in the (Eu)region by bringing together experts and professionals from different creative fields and inviting them to share their knowledge and experience. Every month the series takes on a new shape; we always select speakers on the basis of their creative and inspiring perspective and contributions in the cultural field. Common Knowledge aims to support and stimulate other upcoming cultural professionals in their activities as cultural entrepreneurs.

In particular for the Fuori Salone we are organizing business speed dates that bring together the different designers participating in the Fuori Salone, for a particular and effective networking event focused on sharing knowledge. We developed this format of speed-dating in Aachen and it was very successful. [Here](#) you can see

some impression.

The format is based on strict rules of speed dating moderated by Fabian Seibert of DesignMetropoleAachen. The rules allow the participant to share their knowledge and connect on a more deeper level to the practice and works of his ! her 'date'. Among the all participants we would like to invite some experts from different fields, thus we would like to know if you would like to participate?

Common Knowledge business ties, takes place during the Fuorisalone, **Thursday 16 of April from 17:00-19:00 at** Maastricht Academy of Fine Arts and Design

'Slow City' Maastricht

Hedra 4

Via Privata Oslavia 17

20134 Milano

The aim is to foster the creation of an effective network of designers from Europe, and perhaps influence cooperation among them.

The language will be english.
