## **Press release**

Lumy House Limited is a technology-oriented manufacturer of doors and windows, sun rooms, decorative panels, lighting and related building products that are sold globally through multiple distribution channels, including retail home centers, wholesale distributors and building products dealers.

Made of Titanium-magnesium-aluminum alloys and supplier of full-line doors and windows, and is also a strategic partner of China's space industry. By adhering to the concept of "refined production, aerospace quality", we provide full-line services such as R & D of doors, windows and accessories, profile moulding, professional customization as well as related construction consultation.

As recognized doors and windows experts we have approximately 4,000 employees across the U.K., Asia and Australia. With two manufacturing bases located in Zengcheng, Guangdong Province, P.R.C., covering an area of 80,000 m<sup>2</sup>, and the other located in Nanyang, Henan Province, covering an area of 1,600,000 m<sup>2</sup>.

With a number of patents, our research and development team has used the advanced isobaric cavity technology to develop a series of high-precision and energy-saving doors and windows with outstanding air tightness, water tightness, sound insulation and in line with international standards and modern design concepts.

Our employees are dedicated to furnishing you with reliable doors and windows that deliver years of beautiful dependability. Our goal is that every product made is a promise kept. We are empowered to continuously improve products, customer service, and manufacturing excellence through our Superior Performance Program which is a framework for employees to submit ideas and participate in the implementation of their ideas.

Lumy House Limited will continue to adhere to the concept of 'providing consumers with fashionable, modern and quality doors and windows', aiming to provide high quality and fashionable doors and windows at reasonable prices as well as excellent after-sales services and enable customers to enjoy the elegant, stylish and quality life.
